While the nature of your care for the client often develops into a familiar and friendly relationship, you must always remember that your relationship ultimately is a professional one. This means that any personal issues you may be having need to be left at the door. Additionally, you are not to discuss any company business with the client. This includes, but is not limited to:

- Issues regarding the specifics of our policies and procedures outside of anything that directly concerns the client's care.
- Your rate of pay, time off policies, scheduling, etc.

- If the client has specific question about scheduling or making changes to their schedule you should refer them to your supervisor.

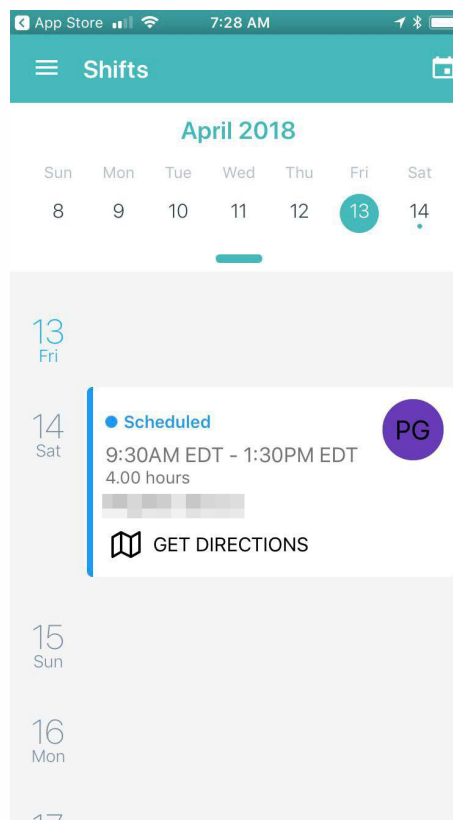

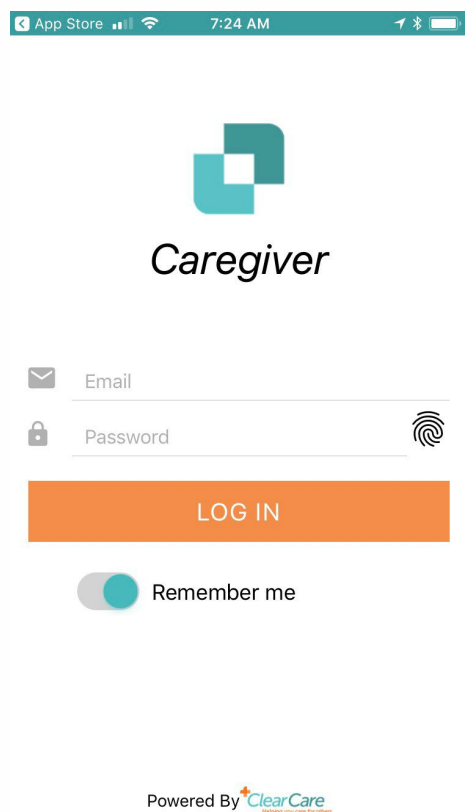

SHIFT ASSIGNMENTS, TIMEKEEPING, AND DOCUMENTATION

Damascus Home Care Uses the Caregiver's Smartphone to track Caregiver Hours and Assigned Tasks :

You will use the  system to review your upcoming shifts and tasks to be completed during each shift. The number for clocking in and out is **1 (833) 924-3779**. The system will only recognize you from your client's home phone.

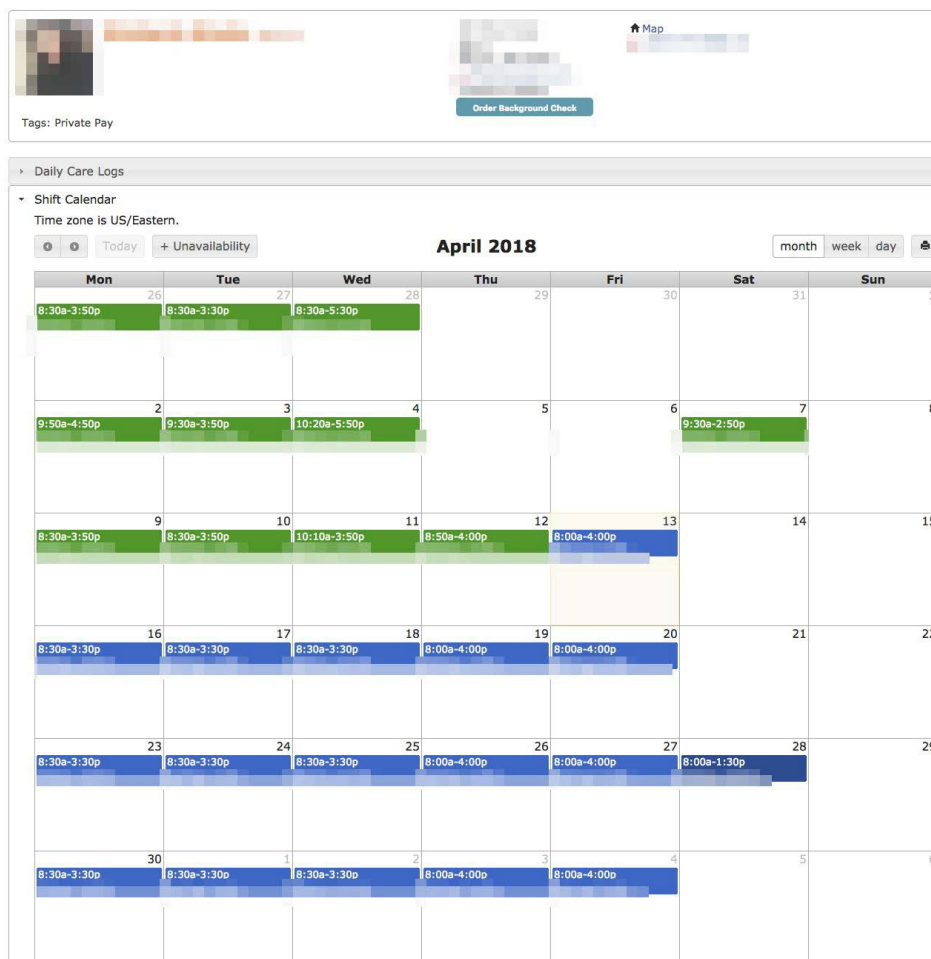

There is also an app available for clock-ins and outs. For Androids it can be downloaded from Google Play or the App Store if you have an iPhone.

The app will provide you with the address and care information for the client on that shift, including tasks that need to be performed. You can also record your own notes for the supervisor to see.

EMPLOYEE Orientation

You can also access your full monthly calendar at <https://damascushomecare.clearcareonline.com>. Select "Employee Login" at the top of the home page. Your username and password will be provided to you by your supervisor. Below is an example of what a calendar looks like, showing each shift and times. Notice the "Map" icon in the upper right. If you click on this, you will be provided with Google Maps turn-by-turn directions to your client's house. (Please note that the blurred-out portions at the top are where your name and information would be. In each shift the blurred-out portions would contain the name of your client.)

- o You are expected to be on time and to clock in at the specified shift start time.
- o Your phone's GPS will notify Damascus Home Care automatically if you are within 100 feet of the clients' residence.
- o You are expected to review all tasks assigned to each shift in advance and indicate them as complete or incomplete before clocking out. If incomplete, an explanation note will be required.
- o Remember that all clock in/out times as well as recorded notes are available to the family of the client online, so keep your comments professional and thorough.

DRUG-FREE AND SEXUAL HARRASSMENT POLICY

Damascus Home Care operates under a strict drug-free work environment policy. We care deeply about the quality of life and personal job satisfaction of our caregivers and staff. We also hold them to a very high standard in order to maintain our reputation as the premier home care provider in Maine.

Any use of illegal drugs or use of controlled substances without a proper prescription is strictly forbidden. Additionally, attending any shift in an impaired capacity (e.g. under the influence of alcohol) will be grounds for immediate termination.

Caregivers are subject to random drug testing at the company's expense. Failure to comply with a request for a random drug test will be considered grounds for immediate termination.

Caregivers are entitled to a work environment that is free from sexual harassment or discriminatory treatment or comments regarding Age, Race, Sex, National Origin, Religion, Disability, Pregnancy, Medical Condition, Marital Status, or Sexual Orientation. This includes treatment from fellow caregivers and supervisory staff. Additionally, if a client assignment results in a situation where the caregiver feels that they have been subject to such treatment by their client, the caregiver is to report this immediately to their supervisor so that proper steps can be taken.

CALLING IN SICK

We recognize that in working with people in their home they may often have compromised immune systems and must not be exposed to illness. If you feel you are putting the client at risk due to illness but do not have a physician's note you must contact your supervisor to discuss the matter.

No call-no shows will be grounds for instant termination of employment.

REQUESTING TIME OFF

Time off requests **MUST** be submitted a minimum of two weeks in advance in writing by sending an email to your manager. Accrued PTO time must be sufficient to cover your time off. PTO will automatically be applied to the next payroll for time missed. A request is NOT a guarantee that the request will be granted. We will make every effort to accommodate you but there may be times that a replacement is unavailable for you. For critical time off needs on your part please increase the notice to ensure that a replacement can be found. Additionally, contact your supervisor by phone to discuss the issue.

PTO Policy

PTO is accrued at the rate of .04 hours of PTO for every hour worked under 5 years of tenure, .06 for 5 - 10 years of tenure and .08 over 10 years of tenure. Accrual maxes out at 80 hours for employees under five years of tenure, 120 hours 5 to 10 years of tenure and 160 hours over 10 years of tenure.

Cashing out of PTO: Must be requested in writing by Sunday at midnight prior to the week of payroll processing. (Any written method is fine. Text, email etc and as long as Lisa hasn't released payroll you all know we make exceptions to that deadline)

Maximum cash out is 40 per week with hours worked plus PTO not to exceed a total of 40 (I'm willing to adjust that to 50 which will simplify the process of live in caregivers who work 40 hours a week being able to collect their PTO) example: Employee works 20 hours, she would be eligible to cash out 20 hours. (Will adjust that to say 30)

At termination: Employee may receive their accrued PTO as long as the following criteria were met: Employee left employment on "re-hire eligible" terms and employee gave a minimum of 2 weeks notice. Employees must request their PTO in writing within 30 days of last check

SWITCHING SHIFTS WITH ANOTHER CAREGIVER

Switching shifts or giving away shifts to another caregiver may be permitted. However, this **MUST** be cleared by your supervisor. Without supervisor approval you are solely responsible for the shifts on your calendar.

WORK OUTSIDE OF DAMASCUS HOME CARE

While we understand that some caregivers choose to pursue additional work opportunities in their private time, it is expected that, as an employee of Damascus Home Care your schedule with the company is primary. If you can manage outside work in addition to your Damascus Home Care schedule that is your choice. However, we assume and expect that your schedule with Damascus Home Care comes first.

SCHEDULE B

DAMASCUS HOME CARE LLC GENERAL CARE EXPECTATIONS

- Provide every client with the level of care that you would provide to loved-one of your own.
- Create an atmosphere of confidence in which the client understands that they can rely upon you to have their best interests at heart.
- Establish a one-to-one relationship with the client in which you develop an understanding of their routines, likes/dislikes, care needs, and a genuine sense on the part of the client that you are a trusted companion and not just a hired caregiver. PLEASE NOTE THAT THIS RELATIONSHIP NEEDS TO HAVE PROFESSIONAL BOUNDRIES. USE YOUR JUDGEMENT AS TO WHAT PERSONAL INFORMATION YOU ARE WILLING TO SHARE AND **UNDER NO CIRCUMSTANCES ARE ANY ISSUES REGARDING COMPANY BUSINESS TO BE DISCUSSED. THIS INCLUDES, BUT IS NOT LIMITED TO, DISCUSSION OF COMPENSATION, COMPANY METHODS OF DOING BUSINESS, RELATIONSHIPS BETWEEN YOU AND OTHER STAFF OR ANY OTHER TOPIC THAT IS NOT DIRECTLY RELATED TO THE CARE OF THE CLIENT.**
- Develop rapport with family members/other loved-ones as appropriate and an understanding that 'the client' is a collective group of people and not just the individual receiving care.
- Be in attendance for EVERY assigned shift and always arrive early.
- Maintain absolute confidentiality in your care and knowledge of the client. Any information regarding the client is to be kept private from anyone outside the company or other caregivers not involved in the care of that client.
- Ensure transparency and communication with Damascus Home Care management AND the client's loved ones in all levels of care provided.

- As the primary point of contact with the client, exercise professional judgement where appropriate, or seek direction from your supervisor when necessary.
- Whenever you are not sure whether to use your own judgement or seek guidance, always err on the side of calling your supervisor.
- DOCUMENT EVERYTHING

ATTENDING DOCTOR'S APPOINTMENTS: As the caregiver your responsibility is not only to transport the client to the appointment. You should also:

- Escort the client into the waiting room.
- Enter the exam room with the client, according to their wishes and comfort level.
- Take general notes and enter them into the WellSky system.
- Get copies of any appointment results and submit them to Damascus Home Care management. Alternatively, you may ask the doctor's office to fax a copy of the exam notes to (207) 433-1094.
- Schedule a follow up appointment, if necessary, and notify Damascus Home Care management through an immediate text of the date, time, and appointment provider along with the reason for the appointment, if necessary.

Be aware that there is a balance here that needs to be considered. We, as care providers need to document everything to do with the client care. This may sometimes come at odds with the wishes of what the client is willing to share. We must respect their boundaries while documenting as much as possible. This is particularly important with dementia patients who may have an irrational fear or distrust of letting the caregiver see the information. Managing these situations requires good judgement and interpersonal skills.

Applicant agrees that failure to adhere to responsibilities, duties, and expectations outlined in Schedules AIB may be considered grounds for termination.

Injury Reporting

A report of injury must be submitted to MEMIC to begin the claim process. We recommend submitting claims online via our First Report of Injury (FROI) Portal at MEMIC.com/FROIportal or by phone at 800-636-4292.

Advantages of Telehealth

During the Injury Triage call, the injured employee may be advised to seek additional medical care. For many workplace injuries, immediate treatment can be provided via a virtual visit with a doctor, eliminating the need to schedule and attend an in-person appointment. That means no driving to a doctor's office, missed appointments, or delays in waiting rooms. With the advent of new technologies, patients and physicians have welcomed the convenience of a virtual visit as well as the added expediency of non-narcotic prescriptions and physical therapy scheduling.

Connecting injured employees with appropriate, quality care can help **prevent a minor injury from becoming complicated** and focuses attention on the wellness of your employees.

Minimum Wage

Labor Laws of the State of Maine provide protection for people who work in Maine. The Maine Department of Labor administers the laws, which all employers must follow. Department representatives inspect workplaces to ensure compliance. Citations and penalties may be issued to employers who do not comply.

Maine Law (Title 26 M.R.S.A. § 42-B) requires every employer to place this poster in the workplace where workers can easily see it.

Minimum Wage is \$14.65 per hour effective January 1, 2025

Minimum Wage

Under Maine labor laws, any business operating in the state with one employee is automatically covered by state law. This includes all public and private employers regardless of profit or size. Effective January 1, 2025, the minimum wage in Maine is \$14.65 per hour.

Municipal Minimum Wage Ordinances

Employers with employees who work in Bangor and/or Portland or any other municipality that passes a local minimum wage ordinance, may be subject to additional regulations and should check with municipal officials.

Service Employee

A service employee is someone who regularly receives more than \$185 a month in tips. As of January 1, 2025, employers must pay a direct service wage of at least \$7.33 per hour. If the employee's direct wage combined with earned tips do not average, on a weekly basis, the state required minimum wage, the employer must pay the difference.

Overtime

Unless specifically exempted, employees must receive overtime pay for hours worked in excess of 40 in a workweek at a rate not less than time and one-half their regular rate of pay. Employers have the right to allow or deny overtime, but if overtime is worked, it must be paid in accordance with state requirements. Compensatory or "comp" time cannot be used by private-sector employers, although private-sector employers can allow employees to flex their time within the workweek (but not the pay period if the pay period is longer than a seven day cycle in the workweek).

Exemptions from Overtime

Maine statutes incorporate by reference the salary requirements under the Fair Labor Standards Act (FLSA). As of January 1, 2025 the minimum salary requirement will be \$845.21 per week. Salary is only one factor in determining whether a worker is exempt from overtime under federal or state law. The duties of each worker must be considered as part of this analysis. Failure to adhere to both requirements—meeting the duties test and the weekly salary threshold—are violations of state law and potentially federal law depending on the discrepancies in the laws.

Statements to Employees

Every employer shall give to each employee with the payment of wages a statement clearly showing the date of the pay period, hours worked, total earnings and itemized deductions.

Recordkeeping

Employers shall keep, for three years, accurate records of hours worked and wages paid to all employees.

The Department of Labor enforces state wage and hour laws. Employers with questions about the law may call 207-623-7900 or may visit the department's webpage.
